

WIGAN ADVANCED MOTORISTS

SKILL FOR LIFE: Motorcycle Section

Dear Enquirer,

Thank you for your enquiry. Below is some information which will help you on your first visit to us.

Skill for Life is a course which will prepare you for the Advanced Driving Test. We expect most drivers to be ready for their test after six to eight sessions, although we tailor the course to individual requirements. Each session is undertaken with your own bike and lasts for ninety minutes. There is always a thorough briefing and debriefing at the start and end of the run.

Cost: The price of the course is £139.00. This includes local membership fee, test fee and the literature necessary for the course. We will also provide you with a high visibility vest to wear during rides. When you have completed an Advanced Test, we will give you a refund of £10.00.

Documents: You are responsible for ensuring that your bike is taxed, correctly insured and has an MOT Certificate if required. When you come for your first run, you must have all the relevant documents if we have not seen them already. We cannot ride with you without sight of these documents.

The Plough and Harrow: The Plough and Harrow in Shevington is our base for drives, meetings and social gatherings. Bikers meet in the car park behind the pub. Please respect our neighbours and refrain from leaving engines running. We meet in the pub after runs for coffee and chat. Maps and directions are on our website at <http://www.wiganadvancedmotorists.org.uk/> under **EVENTS**

Sunday Morning Runs begin at 09.45 for the Motorcycle section every Sunday (apart from Christmas, New Year, Mother's Day and Easter Sunday). Please be there by 09.30 so that the co-ordinator can arrange runs. On your first visit it would be helpful if you could arrive a little earlier. We like to drive rather than stand around talking.

For further information, please contact me or:

Barry Grundy: Bike Co-ordinator: BarryGrundy@3663.co.uk

Yours,

John Bolger
(Group Secretary)
