

WIGAN ADVANCED MOTORISTS

SKILL FOR LIFE: Car Section

Dear Enquirer,

Thank you for your enquiry. Below is some information which will help you on your first visit to us.

Skill for Life is a course which will prepare you for the Advanced Driving Test. We expect most drivers to be ready for their test after six to eight sessions, although we tailor the course to individual requirements. Each session is undertaken with your own car and lasts for ninety minutes. There is always a thorough briefing and debriefing at the start and end of the run.

Cost: The price of the course is £139.00. This includes local membership fee, test fee and the literature necessary for the course. When you have completed an Advanced Test, we will give you a refund of £20.00.

Documents: You are responsible for ensuring that your car is taxed, correctly insured and has an MOT Certificate if required. When you come for your first run, you must have all the relevant documents if we have not seen them already. We cannot drive with you without sight of these documents. If you purchased Skill for Life on line, please bring all the paperwork you have received.

The Plough and Harrow: The Plough and Harrow in Shevington is our base for drives, meetings and social gatherings. There is not much room in the pub car park but there is plenty of space in the car park across the road. We meet in the pub car park before runs and in the pub after for coffee and chat. Be careful crossing the road! Maps and directions are on our website at <http://www.wiganadvancedmotorists.org.uk/> under **EVENTS**

Sunday Morning Runs begin at 10.00 for the Car section every Sunday (apart from Christmas, New Year, Mother's Day and Easter Sunday). Please be there by 09.45 so that the co-ordinator can arrange runs. On your first visit it would be helpful if you could arrive a little earlier. For further information, please contact me or:

Simon Poole Car Co-ordinator: s.r.poole@btinternet.com

Yours,

John Bolger
(Group Secretary.)
